

Christmas 2022
Season's Greetings
 From Kent & Keena Price

Lake Louise in Banff National Park, Canada

Dear Friends and Family,

As 2022 comes to a close, we look back on a year of fun travels, great family get-togethers, a few challenges and some fun adventures.

We've taken several trips with the motor home we purchased last year and now have a couple of e-bikes to go with it. The longest of our trips was a delightful two week foray through Montana and the Canadian Rockies - stunningly gorgeous.

Keena's mom passed away last year but she would have been 100 this year. In celebration, we joined about a hundred of her posterity in a Krey Family Reunion in Logan. It was a magical time with everyone bonding with each other and feeling grateful for our heritage. We had a beautiful graveside service, a catered dinner, and a memorial program with videos from past. We also enjoyed a recreation day at Bear Lake honoring our Krey water skiing tradition. The real effect of the reunion was expressed by the youngest granddaughter, who never knew her grandfather. She said that it helped her to really feel part of the family.

The ultimate highlight for us this year was to have all five of our children together for the first time in over fifteen years. It was a Thanksgiving treat. (We are so grateful that Krey and family came all way from Australia and that they are staying through Christmas.) In addition to our kids, we had their spouses, 27 of our 32 grandchildren and two of their spouses. It was heartwarming and amazing. We love how they love to be together!

Kent - Not a lot of change this year. I'm still flying, driving, teaching, and managing the local airport. A few aging issues are creeping up on me - a couple of eye surgeries, some hearing loss, and a few creaky joints - including a probable knee replacement coming up. But with all that, I still passed my CDL and FAA medical exams ☺ and feel in pretty good health. My current mantra for myself and my wish for all is to "Live long but don't grow old."

Keena - I actually retired as a dialysis nurse at the end of last year at age 76 (about time ☺). This year has been a time to revel in family. Having all of our children together the last few weeks has been especially heart-warming. I love seeing our children being such amazing parents to our grandchildren. And I am still overwhelmed and filled with the love and support we felt at the Krey Family Reunion. Like my sister said, I thank the Lord every day for wonderful childhood parents and siblings.

Part of the Krey Reunion - Keena & siblings are on the chairs

Kipper is still part of the family

Together for the first time in 15 years
 Kevin, Kristina, Kamber, Krey and Kerrie

And so we look forward to 2023 with hope and optimism for a healthy, happy and peaceful year. We continue to count our associations with you to be among our greatest blessings. We send our love and best wishes,

Kent + Keena
